

March 17, 2020

Dear Valued Customer,

Over the last few weeks, like many of you, we have been monitoring the novel coronavirus (COVID-19) situation. This letter is intended to help clarify our commitment to supply continuity of Mallinckrodt's products.

After review of our end-to-end supply chain, including collaboration with our suppliers, at this time, Mallinckrodt anticipates no disruption to our manufacturing and/or distribution capabilities resulting from the novel coronavirus (COVID-19) situation. We are keeping this evolving situation under review.

On behalf of Mallinckrodt Pharmaceuticals, we thank you for your continued support as we work in partnership to get through this pandemic. If you have further questions, I encourage you to reach out to your Mallinckrodt Customer Care Specialist at **877-566-9466**.

Best regards,

A handwritten signature in black ink, written in a cursive style, that reads "Sandy Loreaux".

Sandy Loreaux
